Induction of New Members Into Sodality of the Blessed Virgin Mary

The reception of 18 new members into the Sodality of the Blessed Virgin Mary, took place last week in Our Lady of the Gulf Catholic Church.

The procession formed in the gym of St. Joseph's Academy and proceeded to the church in a very solemn and impressive manner.

The Sodalists were dressed in white and wore white veils and capes.

Very Rev. Father Gmelch enrolled the aspirants and delivered a short address to them. This was followed by Benediction of the Blessed Sacrament.

Then the procession filed out of the church and proceeded to the Shrine of "Our Lady of the Woods," while singing hymns.

Here the crowning of the Blessed Virgin Mary took place.

The banner was carried by Betty Simpson, prefect of the Sodality, assisted by Carol Stevenson, Secretary, and Mary Frances Scafide, treasurer.

Three small girls participated in the ceremony. Janelle Mitchell was crown bearer and Kinta Kergosien and Kathleen Benigno were flower girls.

The honor of crowning of the Statue of the Blessed Virgin Mary, was bestowed upon Mary Jane Donlin who was voted outstanding Sodalist of the year.

Mrs. Elizabeth Haas Lott, Dies At Kiln, Miss.

Mrs. Elizabeth Haas Lott, widow of the late Andrew Lott of the Kiln section died at her home on Thursday, May 25 and the funeral was held on Friday afternoon with the rites of the Catholic Church, the Rev. Father Denis officiating and interment was in Bayou Coco cemetery.

The Haas and Lott families have long been identified with the business and civic affairs of this county, and have lived here for several generations. The passing of Mrs. Lott removes from the county one of the older group the members of which are fast disappearing. She was of the type of her day, hospitable, gentle, God fearing and God loving and satisfied with the blue sky and green fields about her. She reared a family of fine sons and daughters.

Those surviving her are three daughters Mrs. Clyde Drummond and Miss Adele Lott and Mrs. Edna Lott Lassiter of the Kiln community; two sons Elisha Lott in the service and Jack Lott of Kiln and former member of the county board of Supervisors. She also leaves her sisters Mrs. A. J. McLeod and Mrs. Theodore Maufrey, several grandchildren and one great-grandchild.

To the family the Echo joins their Bay St. Louis friends in extending to them deep sympathy.

WHEN SOLDIERS COME HOME

THE war has brought many changes to Bay St. Louis but the outstanding variation in normal life is occasioned by the absence of so many young men who are in the armed forces of the nation.

A few short years ago these youngsters were the life of the community, developing into average Americans without a thought of warfare in a foreign land. They have been rudely snatched from the ordinary processes of growth to carry the banner of freedom that waves over this country.

Mothers, wives, sweethearts and relatives galore miss them and pray for their safety. Everybody wants them to come back when the conflict ends. On every side they are praised for their contribution to the security of our civilization.

One day the war will end. Most of our boys will come back. What will they find? Will there be the best possible welcome. An opportunity to work and develop into mature citizens, unhampered by economic ills that stifle initiative and ability?

The change from war to peace will not develop jobs for the service men unless somebody thinks the problem out. Every business can help provide work for returning fighters but the general welfare of the country will determine how long the employ lasts.

The nation has called these young men into service, whether they wanted to fight or not. It is up to the nation, when they return, to guarantee them an economic opportunity at least equal to what they had.

FIFTH WAR BOND DRIVE NEAR

IN the month of June, the people of the United States will be asked, once more, to invest some of their money in the future of their nation.

The vast spending that accompanies war on an unprecedented scale requires more money than the Government can collect in taxes. To pay its bills, the Treasury must have a flow of funds. Some of this money must come from the investment of citizens.

Few Americans deserve any credit for investing some of their surplus cash in Government bonds. The security is good and the interest rate attractive. It is the duty of every loyal American to support the war effort financially, as well as in other ways.

While no credit attaches to the American who lends some of his money on good security, considerable discredit should apply to Americans who, for any reason, refuse to support the fighting men who risk their lives. The ships, tanks, guns, planes and other paraphernalia that our soldiers and sailors must have if they are to live, much less win, can be obtained only when the Government is able to buy them.

This article appears before the new War Bond Drive begins in order to remind our readers of the call to be made. In the meantime, we can make whatever arrangements may be necessary in order to subscribe liberally to the Government's loan. In doing this, the people at home give some support to the men in the field.

HUNT TROUBLE IN 2040

THERE are a number of Americans who are very much concerned about the bases which the United States obtained from Great Britain in the Western Hemisphere, in exchange for fifty destroyers.

The United States has a ninety-nine year lease on these bases and some of our very ardent patriots now insist that the term is insufficient and that this country should demand permanent possession of the bases.

Apparently, they are not aware that what happens in the next six or seven years will be more important to the people of this country and the world than what happens at the end of ninety-nine years, when our leases expire. They exhibit so much concern over plans for peace at the end of ninety-six years that they overlook the necessity of planning for peace in the next decade.

TOLERANCE

TOLERANCE is defined as "the disposition to be patient and indulgent toward those whose opinions or practices differ from one's own."

There is nothing wrong with this definition of the word that is the battlecry of various minorities in the United States. Why the minorities do not practice tolerance toward the majority is not clear.

A minority group based upon a religious, economic or racial cleavage, will demand that the majority about them, "respect" their rights and permit them to act as they think best for themselves. It might be a good idea for these factions to grant the same privilege to the majority.

Too often the cry of "tolerance" is raised by those who want more than their just share of power and seek to impose their views upon the majority that, under normal conditions, determines the shape of current trends.

THE ISSUE

"THERE are two groups in Congress—one which tolerates bureaucracy in government and one which insists that this shall be a government of law and not of men. That is the line upon which most of this controversial legislation is divided. It is a struggle which will determine whether the representatives of the people in Congress shall make the law under which we all must live, or whether in the future we shall live under directives and proclamations and orders made by the executive agencies. And I believe when it is settled that government by law will prevail over government by men."—James W. Mott, U. S. Representative from Oregon.

Watermelon Ceiling Set

Maximum prices for watermelons which will mean sharp reduction at retail from last year's inflated watermelon prices, will be established shortly at country shipper and wholesale levels, the Office of Price Administration announced.

The prices f. o. b. shipping point, for all areas will be \$35 per ton from the effective date of the regulation, to July 4, and \$26 per ton for the period from July 5 to the end of the season.

Ration Stamp Change

B-2 and C-2 gasoline ration coupons—the old type B and C ration, without serial numbers—will be invalid for use by retail buyers on and after June 1, OPA said.

The holder of such unused coupons may take them to his local rationing board for exchange.

Hog Pricing

The invoicing and receiving, by buyers and sellers, of live hogs weighing 240 pounds or less is no longer necessary if lot of hogs is sold at or below the ceiling prices for heavy-weight (240 pounds) hogs, OPA revealed.

This action was taken by OPA because the weight separating provisions of the live hog regulation were found to be delaying the normal flow of hogs through regular market channels.

A seasonal operator of a Summer or Winter hotel, summer camp, or similar institutional user of refined foods henceforth must give his local War Price and Rationing Board a report on the next number of days he operates in the final ration allotment period of his season, OPA announced.

"THE PURPLE HEART"
AT A. & G. THEATRE
SUNDAY-MONDAY

Advance News Hails Film
As Great Triumph

In the ordinary course of events, outstanding motion pictures cast their shadows before them. The public has read about them in the fan magazines, in the syndicated columns of Hollywood writers, has heard about them on radio programs, and in general has a pretty fair idea of what the picture is all about. The longer the shadow, the more important is the picture likely to be.

That is "The Purple Heart," which opens at the A. & G. Theatre Sunday and Monday, looms as the outstanding motion picture of the year. For during the past few weeks more space has been devoted to it in newspapers, magazines and columns, and more time on the air, than any screen production of recent history.

In a word, "The Purple Heart" is News—and news of such importance that it has overflowed the movie sections into the editorial pages—

has burst from the fan magazines into the nationally-circulated picture-and-news weeklies—has spread from radio's film commentators to the straight newscasters and analysts.

The reasons for such unprecedented coverage are readily apparent—"The Purple Heart" is a story that might have been torn right from the headlines. It is the story of eight Yanks who bomb Tokyo, are captured by the Japs, and are brought to trial as murderers—not as prisoners of war.

How they defy the entire Jap empire, and literally tie the Jap army, navy and air force into knots, is the astounding climax of the picture, which bristles with the vengeance that will be wreaked upon the Island empire.

Darryl F. Zanuck, who has given you many of your greatest screen thrills, produced "The Purple Heart."

Featured in the cast are Dana Andrews, Richard Conte, Farley Granger, Kevin O'Shea, Donald Barry, Trudy Marshall and Sam Levene. Lewis Milestone directed the film.

ST. STANISLAUS HOLDS NINETIETH ANNUAL COMMENCEMENT

On Sunday, May 28, 1944, Saint Stanislaus held its ninetieth Commencement Exercises. Thirty-four students received their diplomas.

Dressed in the traditional cap and gown, the graduates who won these coveted honors marched in review, before an audience which was at once both proud and overwhelmed.

These students worked hard and long to attain this end and received not only an academic education but a firm religious foundation which will enable them to face a world steeped in sorrow, difficulties and temptations.

Class '44 produced a group of potential leaders and the entire faculty ranks its members on a par with any previous class.

The program of the Commencement included selections by the School Band, presentation of the various medals and awards to those students ranking highest in their respective classes, the delivery of the Salutatory by William Landry, the address of the principal Speaker, Rev. STANISLAUS SENIORS

ENTERTAINING FACULTY

On Saturday evening, May 27th, the Seniors of Saint Stanislaus somewhat reversed the usual procedure and instead of being guests, played hosts to the Senior Faculty.

The supper was given at Hotel Reed and the guests of honor were: Brothers: Peter, Linus, Clement, Giles and Dennis.

The president of the class, Claude Martin, acted as toastmaster and the supper fittingly ended with the group singing the "Alma Mater."

For the Good of the Community

The more business your telephone company does, the more it is able to contribute to the general welfare of the communities served.

The greater part of all the money paid for telephone service flows directly back to the people of the State in the form of taxes, salaries and wages and numerous other expenses.

These dollars flowing back into the State benefit all types of business, large and small—professional men and women—city, county and state government agencies—churches, charitable institutions and others.

In short, the telephone industry and its army of workers have a very important part in the economic life of the State. Like their neighbors and friends, telephone workers take an active part in war work and other civic activities designed to advance the general welfare of the communities in which they live. Telephone folks are home folks, and your telephone company, like other local businesses, is vitally concerned with the general welfare of the communities it serves.

COMPLETES COURSE

Lieut. C. W. Fountain, Jr., of Camp Gordon, Ga., arrived home Sunday for two weeks with his wife and other relatives here. On Monday evening they were guests of Mrs. Fountain's parents, Mr. and Mrs. Lamar Otis, for dinner. Others present were Miss Minnie Otis, Mr. Henry Otis, Mr. and Mrs. C. W. Fountain, Sr., their daughter, Shirley and Miss Alma Parker.

Mrs. Roy Biter, Sr., and sons, Roy, Jr., and Bobbie, of Bay St. Louis are spending a few days at their home here.

Mr. and Mrs. D. E. Lott and some friends, of New Orleans, had dinner with Mr. Lott's mother, Mrs. Emily Lott, Sunday after spending the day picnicing on Pearl River.

Miss Alma Parker visited Miss Helen Portia in New Orleans last week end.

Mr. and Mrs. Forest Summers are the happy parents of a handsome eight pound son who arrived at the Picayune hospital on May 25th. This young man was given the name of his father, Thomas Forest, but shall, most probably be known as "Tommie."

Miss Joyce Marshall of Norco, La., spent last week end with her parents Mr. and Ms. A. E. Marshall here.

Mrs. Wm. Swanson and son Billy, of New Orleans, are spending the week end with Mrs. Swanson's parents Mr. and Mrs. Rens Sacerdote.

Week end guests of Mr. and Mrs. Lamar Otis were Mr. Hy. Otis, who is employed in Gulfport, and a friend, Miss Florence Lawrason, Wave, of St. Francisville, La., but who is presently stationed at the Gulfport Naval Base.

Mrs. Jos. Cassard was hostess to one of the most enjoyable events of the week end to the surprise party given to Captain Cassard honoring his birthday on Sunday, May 26th at his residence on Sobral Street. Present were his children and his grand children, with many friends and members of two social clubs 3 S's and the Bingo Club.

His children presented him with a Bass Violin knowing this to be his wish for some time. Many years ago Captain Cassard held the distinction of "plucking" this instrument as a novelty and in those days it was considered a rare thing—being connected in 1916 with the Orpheum Circuit in New Orleans. He possesses a splendid tenor voice. Many nice gifts were bestowed by the 60 present. Vocal selections, dancing and refreshments were served.

From Mobile came Hugh Griffon, his wife and two children, to visit over the week end with Mrs. Griffon's parents Mr. and Mrs. Dan Chadwick. A family get-together with the Griffons, Sr., and daughter Mary of Plaquemine, La., made the occasion a happy event and baby Dianne being the attraction. This was grandmother Griffon's first visit to baby Dianne.

For a week's visit to Mr. and Mrs. Thos. Bourgeois are Mr. and Mrs. Jerry Bourgeois and little son Michael.

Miss Betty Carrio is now employed in New Orleans with the Siler Book and Stationery concern. Betty was formerly a teacher in Waveland school.

Enjoying a two weeks' vacation here is Miss Adelaide Mapp who is employed in New Orleans on government work.

Improvements

A few homes are being brightened with paint—adding much to their improvement. The J. D. Bourgeois and the Bernard's both residents of Water street.

Mr. and Mrs. J. J. Losch are now comfortably settled in their new home on Waveland avenue, formerly occupied by Mrs. Georgie Howard. This residence is completely renovated.

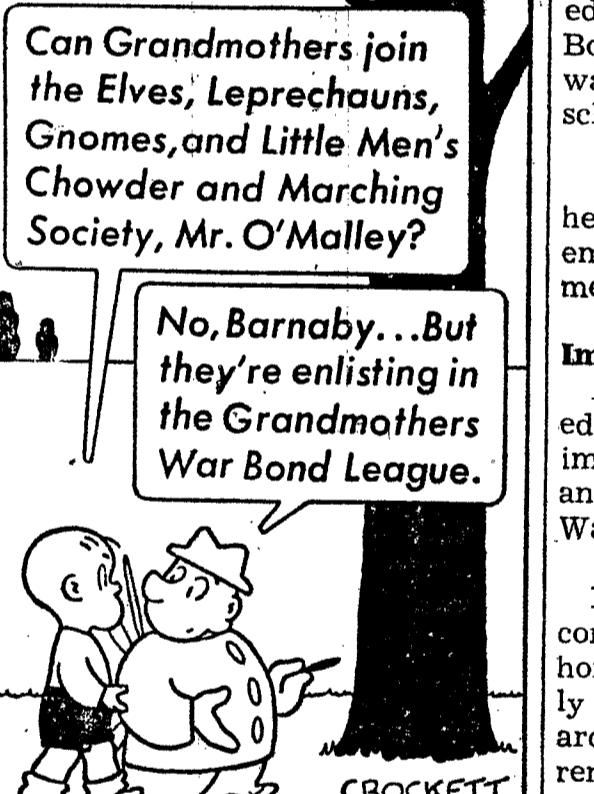

A few house parties were noticed here and there. The Dardenes had guests over the week end.

Mr. and Mrs. Ed Johnson and family of New Orleans were over for the week end.

Pvt. T. J. Bourgeois from Camp Shelby was over visiting his parents Mr. and Mrs. Thos. J. Bourgeois.

A second son was born to Mr. and Mrs. Benedict Bourgeois (formerly Verna Bourgeois) of Market street. Lionel is thrilled with his new brother.

FIVE VICTORY GARDEN QUESTIONS FOR LATE MAY

1. When should I prune and stake my tomato plants? Now if it has not been done already. When plants are 10 to 15 inches tall place a 5-foot stake 3 inches from the plant and tie plant loosely to stake with a soft string. Prune when shoots begin to grow out in axils of leaves.

2. Is it too late to make another planting of sweet corn in my garden? No! You should have three or four plants at two week intervals for continuous tender, fresh roasting ears during the summer.

3. Should I side dress my tomatoes and if so, with what kind of fertilizer and what amounts to use for each plant? Yes, place a teaspoonful of nitrate of soda to each plant when the plant begins to bloom and another teaspoonful around the plant 2 or 3 weeks later. Work the fertilizer well into the soil.

4. I am planning to mulch my beans and tomatoes in June, what kind of mulching material should I use? Mulching is very beneficial during the dry summer months. It helps conserve moisture and keeps down weeds and grass. Use leaves, clean hay, straw, pine needles, sawdust, newspapers or old fertilizer or feed sacks. Any of these materials are suitable for mulching materials.

5. How often should I sprinkle my garden during the dry spell of weather? Don't sprinkle it at all. By all means water it equal to 1 inch of rainfall about once each week. Sprinkling will possibly do more harm than good by drawing the plant roots to the surface of the ground where they will be injured by the high temperature.
